NEW GENERATION

TWIN SPORTS & SUPREME

INSPIRED NEW CAMPERVANS, BORN FROM A PIONEERING LEGACY, WITH A DISTINCTIVE GENETIC CODE DRIVEN BY DESIGN, INNOVATION, AND EXPERIENCE.

TWIN SPORTS, THE ICONIC POP-TOP CAMPERVAN, BEST FOR VERSATILITY AND COMFORT, SETTING NEW STANDARDS IN SPACE AND EXPERIENCE, WITH INSPIRED NEW INTERIORS AND FEATURES.

TWIN SUPREME, THE ICONIC CAMPERVAN, BEST FOR ALL-ROUND PRACTICALITY AND COMFORT, SETTING NEW STANDARDS IN SPACE AND EXPERIENCE, WITH INSPIRED NEW INTERIORS AND FEATURES.

TWIN SPORTS & SUPREME. Iconic new campervans.

A man with glasses and a dark blue polo shirt is sitting in the driver's seat of a motorhome, working on a laptop. He is holding a pen and a small notepad. The motorhome has large windows that offer a view of a calm lake and lush green mountains. The sun is shining brightly from the left, creating a warm, golden light inside the vehicle. In the foreground, on the right, there is a glass coffee pot and a white mug on a small table.

Experience

Twin Sports Pop-Top Roof.

The unique design pop-top neatly integrates into the roof of the campervan, enabling other features to be used, such as an awning, air-conditioning, and solar panels.

On the 640 models an innovative pivot mechanism with extended side-arms, ensures perfect closure and integration with the van roof, when closed and stability against winds, when open. On the 600 models the compact pop-top uses a scissor mechanism for similar performance. Both mechanisms feature two separate roof locking mechanisms.

Twin Sports Sleeping Compartment.

Removable tent suitable for cleaning, storing and can be recycled. Made in acrylic-based materials for insulation, water resistance and durability. Features fixed mosquito screens and front screen which can be opened.

A close-up, black and white photograph of a car seat. The seat features a combination of smooth leather and a ribbed leather texture. The stitching is visible, creating a series of curved lines across the seat's surface. The lighting is soft, highlighting the textures and contours of the leather.

DESIGNED TO PERFORM

Construction

All Twin campervans are perfectly integrated onto the **base vehicle** for optimum driving characteristics and living space design. Adria manufacturing processes ensures the optimum construction and integrity of the final product.

New materials. The new generation Twin campervans feature overhead cupboards in the living room built from expanded polypropylene EPP, a highly durable, reusable and recyclable composite material, with mechanical strength, high resilience, good energy absorption, high thermal and sound insulation and all at low weight

Durable, 1500 mm **slide-out floor** feature, with 150 kg payload, adds versatility. Extension can be locked when not in use. Option available on **SGX layout**.

Climate control

Our products offer optimal thermal performance with advanced insulation and a precision-engineered airflow system. Rigorous climate chamber testing ensures a comfortable interior even at low external temperatures, with fully functional water systems.

All models are suitable for **year-round use**. Twin Plus, Supreme and Sports with enhanced insulation reduced thermal bridges, recycled and heat-bonded Ecofiber 40 material and extra vapour barriers.

Diesel or Gas heating systems by **Truma** and Diesel by **Webasto** (layout dependent) with optimal heating distribution to all living areas.

Air-conditioning is available as optional equipment.

DESIGNED TO PERFORM

We choose the **base vehicle** and chassis for each vehicle, to achieve the best torsional strength, performance dynamics and integration with the living space design.
